Our passion for making quality healthcare furniture has been on-going for over 20 years. Leveraging a rich heritage of manufacturing quality commercial furnishings for over 139 years, we have created an outstanding offering of healthcare furnishings that is comfortable, beautiful and a powerful blend of form and function. It represents, affordability, renewability, sustainability and a great return on investment. Our Healthcare Product offering is comprehensive and includes public area lobby, lounge and waiting room furniture, recliners, patient chairs, treatment chairs, bariatric seating, sleep products, behavioral health furniture, patient room casegoods and over-bed tables. Our administrative area portfolio includes private office wood veneer and laminate casegoods, conference and training room tables and appropriate seating. Our environmental commitment is strong. We continuously commit to incorporating environmental sustainability in all of our business practices and manufacturing processes. We feel it is important to provide well-designed furniture in the most environmentally responsible way possible. We continue to strive for better ways to reduce our environmental footprint through achieving FSC®, GREENGUARD™ and level® in addition to pursuing Healthy Hospitals Initiative (HHI) requirements.
