Dealer Incentive Program Terms & Conditions

1. Eligibility

Open only to authorized dealers in good standing and allow individuals to participate in dealer incentive programs. The Company reserves the right to verify eligibility and reject participation at its discretion.

2. Program Period

Incentive eligibility applies only to purchases or activities completed that ship between 1 January, 2026 and the 31 December, 2026.

3. Qualified Sales

Only approved products and verified, fully paid sales will count toward incentives. Parts, accessories, and freight are excluded from this incentive program.

4. Incentive Payouts

Dealers must be current on all financial obligations to receive payment, and individuals participating in the program must have dealership approval prior to participating. Any dealerships that will not allow payout to individuals participating in the program can have an alternative solution for payout and that will be at the discretion of Thinkspace.

Dealer sales people will only be eligible for the highest tier they achieve, not all tiers they pass.

5. Compliance Requirements

Participants must comply with all applicable laws, including anti-bribery, anti-corruption, fair competition, and data privacy regulations.

Dealers are responsible for ensuring their employees and agents act in accordance with these requirements.

Incentives may not be used to improperly influence purchasing decisions.

6. Taxes

Dealers are responsible for any taxes associated with incentive payments.

7. Program Changes

The Company may modify or terminate the program at any time without prior notice. Changes do not affect incentives already earned.

8. Final Authority

By participating, dealers acknowledge that the Company's decisions regarding eligibility, qualification, and incentive calculation are final and binding.
